Governor Dan Moore
North Carolina State Capitol
Raleigh, North Carolina

Dear Governor Moore:

This is to inform you that two white North Carolina voters are in favor of passage of all legislation which will guarantee the rights of Negro Americans. In particular we are in favor of the pending civil rights law, in the House of Representatives, with its open housing provision.

It is imperative that you and all in authority act as quickly as possible to end the injustice to the American Negro.

Violence on the part of anyone should not be tolerated; but hollow calls for law and order, from the white community while nothing is being done to change the horrible plight of Negro Americans, are stupid and border on the criminal.

All those who believe in and love America must now come forward and see to it that injustices against Negro Americans and all others are stopped.

With hope in the American
dream,

Albert D. Grauer
