## ENG 798 Final Project Meeting Notes

**Date:** February 19, 2025

**Notetaker:** Haley

**Link to Previous Meeting's Notes:** n/a

---

### Meeting Agenda

- Discuss our initial ideas after review of the NC Digital Collection's [Civil Rights Collection](#)
- Discuss project charter and our goals for that document

### Notes

- Potential research questions
  - Working with the letters – they would need to be transcribed, but it would be possible to use OCR to get preliminary transcription done and then once corrected do some text analysis – look at stancetaking, could take mixed-methods approaches to discourse analysis and text analysis
  - Could think about mapping in relation to the letters – like a social network analysis
    - Could also map in ArcGIS – see the trajectories of that movement
    - Could look at event-based network mapping
  - Pamphlets – offers some further options for verbal data analysis
  - 3D mapping of letter travel & documents / photos in a web map
  - Timeline on webpage with key events from collection records
- Data
  - Letters
  - Photos

## Upcoming Assignment Deadlines

-  ENG798\_McCurdy\_Kinsler\_Charter due on March 3rd

## Action Items

### *Haley's Action Items*

- Work on fleshing out my notes for the charter, with synthesis focus on:
  - Project values
  - Team roles

### *Brody's Action Items*

- Flesh out notes for charter by meeting time, Wednesday (2/26)
- Sections I'm in charge of synthesizing:
  - Project Management
  - Group Protocols

## Agenda for Next Meeting

- Review charter progress & continue drafting the charter
